

New Website

The re-designed NISS web site is now on-line at <http://www.niss.org>, thanks to the hard work of communications director Jamie Nunnely, webmaster Katherine Kantner and computer systems manager James Thomas. We welcome your suggestions for new functionality and further improvements.

Board of Trustee Changes

We welcome newly elected trustees Susan Ellenberg (University of Pennsylvania), Roger Hoerl (GE Global Research) and George Williams (Amgen) to the Board, as well as appointed member/trustee Donna Brogan (Emory University).

NISS thanks deeply three trustees whose terms expired on June 30: Jon Kettenring (Drew University), who served as board chair for 2000-2004 and stimulated formation of the affiliates program, John Rolph (University of Southern California) and Gary Rosner (M. D. Anderson Medical Center).
