International Total Survey Error Workshop 2022

31 August - 2 September 2022

Hosted by

The Cathie Marsh Institute for Social Research and
The Social Statistics Department, School of Social Sciences
University of Manchester, United Kingdom

Total Error in Official Statistics: Current Practices and New Methods

In addition to traditional TSE topics, we are encouraging contributions on:

- Evaluations of multiple error sources in official statistics
- Error frameworks and their use for administrative data products
- Total error frameworks for Big Data
- “Total statistical uncertainty” frameworks for estimates derived from nonprobability samples
- Errors in data integration processes and integrated data products
- Use of quality profiles and declarations in official statistics
- Minimizing total error using ART (adaptive/responsive/tailored) designs and data collection strategies
- Statistical disclosure limitation error

The Call for Papers and the website of the conference will be available by April 2022.

Plus!

Tour Manchester, Wine reception and Conference dinner
