Academic Job Interview Tips

- $\checkmark\,$ Some tips for a successful job talk
- $\checkmark\,$ Some tips for a successful job interview

Tips for a successful job talk

- ✓ Less it more
 - This is what I did in my dissertation
 - I'm going to talk about topic X in this presentation

Tips for a successful job talk

✓ Less it more

- This is what I did in my dissertation
- I'm going to talk about topic X in this presentation
- \checkmark Keep it simple
 - Don't lose your audience. Start off with simple motivating examples
 - Slowly build complexity
 - Pause for questions
 - Avoid proofs

$\checkmark~$ Numerical Results

- Avoid large tables
- Highlight key numbers
- Use plots, but explain what the axes mean

✓ Numerical Results

- Avoid large tables
- Highlight key numbers
- Use plots, but explain what the axes mean
- \checkmark Practice your talk
 - Get the timing right
 - Some colors are hard to see when projected
 - Include time for questions

✓ Numerical Results

- Avoid large tables
- Highlight key numbers
- Use plots, but explain what the axes mean
- \checkmark Practice your talk
 - Get the timing right
 - Some colors are hard to see when projected
 - Include time for questions
- ✓ Last point
 - Go to the seminar room early to set up

Tips for a successful job interview

- $\checkmark~$ Do your homework about the department
 - What are the research interest of individual faculty?
 - Prepare high and low level discussions of your research

Tips for a successful job interview

 $\checkmark~$ Do your homework about the department

- What are the research interest of individual faculty?
- Prepare high and low level discussions of your research
