Topic: Leadership in Trustworthy AI

Join us for the COPSS-NISS Leadership Webinar, focusing on leadership in trustworthy AI!

This webinar will explore key challenges and best practices in responsible AI leadership, covering topics such as fairness, accountability, interpretability, and risk management. Attendees will gain valuable insights from experienced field leaders making this an essential event for professionals, researchers, and policymakers navigating the evolving AI landscape.

Statisticians and data scientists at any stage in their careers are invited to attend.

TUESDAY, APRIL 29, 2025
