

Building Addition is Complete!

At last, (but actually on schedule and within budget) the addition to the NISS/SAMSI building is complete. We took possession on October 27, and the move of SAMSI people into the addition has taken place. On Friday, November 7, in conjunction with the annual meeting of the NISS Board of Trustees, we will hold a ribbon cutting and open house. Be sure to watch the NISS website for photos of the event, and please come to visit this wonderful new facility. Anyone who comes will receive a personally guided tour from Alan Karr.

NISS Board of Trustees Affiliates Committee

The committee will meet during the Board meeting, and will discuss NISS-affiliate communications, including the already initiated re-design of the NISS website. They will also discuss clusters of affiliates—what are they, what should they be doing for affiliates, how should they operate?

Teaser: NISS-NASS Research in Residence Program

Watch the website and other sources, such as **Amstat News**, for the official announcement of a *Cross-Sector Research in Residence Program* operated as a partnership between NISS and the National Agricultural Statistics Service (NASS). There will be opportunities for faculty, postdoctorals and graduate students to participate.

Affiliates Events

Exploration Workshop on Agent-Based Modeling:

November 20-21, 2008 at NISS. *ARA ELIGIBLE.*

Details:

http://www.niss.org/affiliates/agent-based_modeling200811/abm_home.html

Exploration Workshop on Financial Risk Modeling and Banking Regulations:

February 5-6, 2009, Washington DC. *ARA ELIGIBLE.*
